PROFILE

As a software engineer, I prioritize user satisfaction and system reliability, excelling in team collaboration and independent work. With strong communication skills, I adapt to various environments, contributing positively to all projects. I am passionate about the open-source community, and I enjoy streaming about web development and gaming

EXPERIENCES

Webimpacto, Spain (Remote) 10/2023 – 03/2024
Full-stack Web Developer:

- Implemented HTML, CSS, JavaScript, React, PrestaShop, Symfony, and MySQL to ensure efficient product delivery.
- Applied Agile and Scrum methodologies for effective project management and client communication via daily meetings.
- Employed the Jira platform for task management.

Web Developer Intern:

- Demonstrated proficiency in HTML, CSS, JavaScript, PHP, and WordPress through video tutorials and practical projects.
- Participated in daily progress meetings to monitor project development and share insights on best practices and tools.

ACHIEVEMENTS

Hackathons:

- Oversaw the design of the platform's UI to create a user-friendly and visually appealing interface for building an ELO ranking platform for online games
- Certificate of Participation from Junction Budapest|CraftHub

Online Courses:

- Introduction to Front-end (Coursera)
- HTML and CSS in depth
- Programming with JavaScript, and Git
- Web development bootcamp (Udemy)
